

CONCEIVABLE

THE FIRST OPERATING SYSTEM FOR WOMEN'S HEALTH

INVESTOR PRESENTATION • MARCH 2026 • CONFIDENTIAL

WHY I BUILT THIS

After two decades in my clinic helping infertile women, I read a study that stopped me cold.

Less than 3% of couples can afford fertility treatment.

82% of women have life-interrupting pain and PMS every single month.

I realized women's health wasn't just underserved — it was abandoned. And I knew how to fix it. Not for the 3%. For everyone.

So I dedicated the rest of my life to making health effective and affordable for all women. Everywhere.

improve outcomes

Every fertility app on the market tracks. None intervene.

A BREAKTHROUGH

We built a system that doesn't just track or bypass problems — it repairs them.

- AI that sees what's broken
- A ring that measures what matters
- Clinical-grade supplements that repair
- A score that predicts — and improves
- A platform that evolves with her across her entire life

260%

increase in natural
conception rates

at 1/1000th the cost of IVF

IT ALL STARTS WITH KAI

Our AI, trained on 25 years of clinical data, **doesn't just track — it diagnoses, intervenes, and improves.**

ASSESS

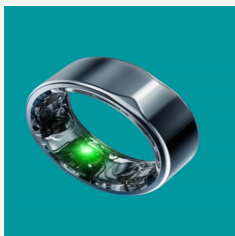

Comprehensive interview analyzing 100+ biomarkers to generate your Conceiveable Score

INTERVENE

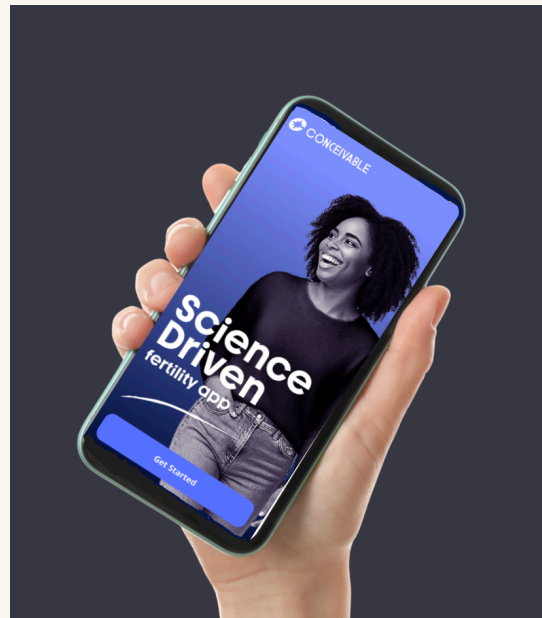

Personalized protocols for nutrition, supplements, lifestyle — cycle-synced and continuously updated

IMPROVE

Your score gets better over time. Root cause repair, not symptom management.

Halo Ring: continuous BBT, HRV, blood glucose, sleep
